

2023 Conservation and Groundwater Protection Calendar

MSWD Conservation and Groundwater Protection Calendar

Last fall, MSWD invited local school-aged children to participate a Calendar Drawing Contest. We asked students to submit original artwork based on one of six groundwater protection or water conservation themes, which included:

1. Saving WATER
2. Proper disposal of fats, oils, grease (FOG)
3. Water-wise car washing
4. Drinking water quality
5. Not flushing wipes
6. Desert-friendly landscaping

And the results were amazing! To download a copy of the calendar, click on the PDF icon at the bottom of the page or email* your name and address to pr [at] mswd.org, and we will mail a calendar to you at no charge.

Each month a different student's artwork is featured, along with helpful information about how you can conserve and protect our water supply.

**Please note supplies are limited.*

- Joseph V. - Jan.
- Edward S. - Nov.
- Jacqueline M. - Dec
- Mirna T. - May
- Keila E. - Mar.
- Savannah C. - June
- Arely G. - July
- Christian H. - April
- Kayla H. - Feb.
- Bryson L. - Aug.
- Madison R. - Sept.
- Joziah D. - Oct.
